

Why Choose **BillSoft**® ?

The complex world of today's business

In today's world, business is complicated. You have to worry about managing technology, people, and finances in an increasingly complex mix of daily requirements. In the new era of Sarbanes-Oxley, you have to focus more than ever on ensuring that your business is meeting its legal obligations. In all of this confusion, it's easy to forget about your most critical legal obligation: your taxes.

All your taxation needs, in one convenient package

We make taxation easy. How do we do it? By bringing it all together, in one convenient solution. With BillSoft, you get:

- Tax research
- Tax rate calculation
- Jurisdiction assignment
- Address scrubbing
- Tax compliance filing
- Tax consulting
- Software consulting

Don't let the nightmare of taxation keep you up at night

Do you ever wonder whether your accounting department is truly keeping up on over 200,000 taxes – in all of your customers' cities, counties, states, and countries? With BillSoft, you'll never lose another night's sleep over taxes. We do it all for you, 24 hours a day, 7 days a week – so you don't have to.

It's the best tax solution

Our products are faster, more comprehensive, and less expensive than any other tax solution. We will help you reduce tax frustrations, speed up your billing cycles, and stay clear on your legal tax obligations.

Your Total Tax Solution

"Taxation continues to be a major headache for anyone involved in billing applications. The BillSoft package provides superior capabilities and the ability to accurately ascribe relevant taxes, while offering a far more sophisticated and time-saving way to research taxation questions over our predecessor database."
